ABOUT US

Community Health Centers of Greater Dayton (CHCGD) is a nonprofit federally qualified health center organization. We have been nationally recognized as a Health Center Quality Leader for the high quality of care we provide to our patients. CHCGD has also been designated as a patient-centered medical home.

CHCGD was formed in 2007 to improve access to high-quality, affordable, primary healthcare in the region.

CHCGD has five convenient locations that offer flexible hours and provide primary care, dental, and behavioral health services. In addition, we partner with Dayton Public Schools to offer health care on wheels to students in a Mobile Health Unit and with Miami Valley Child Development Centers to provide dental services at two of their facilities.
