

## Community Health Centers of Greater Dayton

### 2012 Children's Health Festival August 4, 2012

On Saturday, August 4, Community Health Centers of Greater Dayton sponsored its second annual **Children's Health Festival** at Kiser Elementary School. The purpose of the event was to heighten awareness around the importance of healthcare. Thanks to 20 vendors and 40+ volunteers, it was a great day with over 100 adults and 200 children attending.

Every child that attended and participated in at least 12 table activities received a **FREE backpack filled with school supplies** along with raffle tickets to win additional prizes including bicycles donated by Life Enrichment Center, safety helmets and other school related items. The day was educational and fun as participants also played carnival games, tested their skill on the rock-climbing wall and played in the Bounce House.

We are excited to share that additional backpacks were donated to Ruskin Elementary, Edison Elementary, Boys Academy and Miami Valley Child Development Center.

#### A special thanks to our sponsors for making this day an educational success:
